Nathan Meurer
Project Manager
Prodigy Construction Corp.
11106 Decimal Drive
Louisville, KY. 40299

Dear Nathan Meurer:

Commonwealth Bank and Trust Company employed Prodigy Construction Corp. to manager our extensive branch remodel as the General Contractor. We asked that they be able to completely demo and remodel this location with the branch opening up every morning for business. With Nathans PM expertize we opened for business each morning with a branch that was, of course under construction, but cleaned up and ready to do business as usual with our customers.

Prodigy Construction Corp. was able to complete this extensive remodel during the closed times of the branch and completed it in one month. I would recommend Nathan and Prodigy for any of your construction needs.

Below is a before and after picture so that everyone can get a visual of tremendous task they had ahead of them and the wonderful outcome.
